

CM 2026 Conference: only one week to go!

It's not too late to register for the **22nd International Conference on Condition Monitoring and Asset Management (CM 2026)**, taking place from **Tuesday 9 to Thursday 11 June 2026 at The Grand, York, UK**. The theme for CM 2026 will be: *'The future of condition monitoring'*.

Registration

Full-time registration includes attendance at all conference sessions and exhibition, proceedings USB, coffee breaks, lunches, welcome buffet and conference dinner, with fine food and wine being served in a friendly, relaxed setting. Full-time registration can be purchased with or without the Tuesday evening programme, which is a walking tour of York. Click [here](#) for further information and to register.

Programme

CM 2026 comprises two sessions running in parallel and covering a wide range of advances in CM fields, which will include plenary presentations, case study presentations, industrial sessions for major industrial sectors, expert panel sessions on hot topics in CM, plenary spotlight sessions for exhibitors and social events. To view the conference programme, click [here](#). Alternatively, to download the BINDT Events app for **FREE**, click [here](#).

Exhibition

A table-top exhibition of CM-related products will run alongside the CM 2026 Conference on Tuesday 9 and Wednesday 10 June, giving visitors an ideal opportunity to see innovations not only from the UK but also from Europe and around the world. With inspection techniques constantly advancing, it's a good way to check if your business can benefit from the latest technologies. Attendance at the exhibition is **FREE of charge** to visitors.
